## IT'S EASIER TO GIVE THAN RECEIVE

Have you ever asked yourself what would happen if you or a family member should have an accident or become seriously ill and need immediate transfusions of blood?

One major illness could require numerous blood transfusions which could seriously deplete the supply on hand at the Central Florida Blood Bank. Every employee of Walt Disney World is automatically a member of the Blood Bank and will receive blood at no cost as long as the supply lasts. To assure a safe and adequate blood supply for yourself, and your immediate family, our blood bank credits must be continually replenished.

When a donor visits the blood bank, the usual procedure is to donate a pint of whole blood. In that pint of whole blood there is nearly a half pint of red cells, but less than an ounce of platelets and only a thimbleful of white cells.

The red cells can be separated from the pint of whole blood rather easily and given to any patient who needs them with little difficulty and immediate results.

Platelets and white cells, however, are another matter. For patients that require platelets, at least six pints of blood are needed to acquire enough for one transfusion. And it takes dozens of donors to get enough white cells for just one transfusion. To complicate matters, numerous transfusions of platelets or white cells are usually required before the patient will feel the results.

Many of our employees have found the need to use our Blood Bank credits in times of emergency and have been very grateful for this service. In a letter to all Cast members, **Norma**

**Dan Potter** of the Print Shop, pictured here with **Alice Hughes** of the Central Florida Blood Bank, was just one of the many employees who donated blood during the 1977 Blood Bank Drive. Won't you join the effort this year?

Dear Cast Members:

*As you know, the Resort Tax Referendum passed unanimously. I'd just like to say "thanks" to all of you for supporting this referendum, which will permit the building of an Orange County Convention/Civic Center we can all be proud of. Your help is greatly appreciated.*

Shields of Food Administration expressed her feelings:

*"... I wish to thank all the many who helped us during (Bob's) year and a half of illness with cancer. Many donated their blood not knowing when and where it would be used to save a life. Bob had five transfusions of different kinds of blood during that last summer. He worked until April of last year in hopes he could 'lick it' ... We all thank you sincerely for a great effort."*

Our annual Walt Disney World Blood Bank Drive for the Central Florida Blood Bank kicks off this **Monday, May 1** and continues through **Friday, May 12**. And during the ten days the Blood Bank Mobile Unit is on our property, each and

every one of you will have an opportunity to give!

The procedure is really very simple. First, check with your supervisor and get a clearance to leave your shift. Next, call for an appointment on the special **"Blood Bank Hotline"** at Cast Activities, extension **5757**. After your visit to the Central Florida Blood Bank Mobile Unit, you will be given a receipt to show your supervisor. **Every employee will be released from their shift to donate blood!**

If you forgot to make an appointment to donate, but find you are able to do so, please drop by the Blood Bank Mobile Unit at any of its scheduled locations. It only takes 20 minutes to give.

Remember ... it's easier to give than receive!

### NEW EMPLOYEE BENEFIT ANNOUNCED

Because of many requests from cast members, a new employee benefit has been announced which allows

you to have your weekly paycheck deposited directly to your individual bank account in the bank of your choice.

It's called **Direct Payroll Deposit**, and here's how it works:

1. Complete a Direct Payroll Deposit Request form authorizing Walt Disney World to deposit your paycheck directly to your personal bank account. Forms will be available when you pick up your paycheck next week or from the Payroll Office in The Center.
2. You will receive your paycheck stub each week, as usual, listing all pertinent information.

3. If you bank at any branch of Sun Banks of Florida your paycheck will be credited to your account every Thursday.

4. If you bank at **most** other banks, your paycheck will be credited to your personal account no later than Monday. This delay is due to the time required to transmit the information on your account through the Automated Clearing House bank system to your particular bank.

That's all there is to it. Your paycheck will be automatically deposited to your personal account each week and you can start enjoying the benefits of Direct Payroll Deposit ... no more hurrying to the bank before the weekend starts ... no more waiting in lines to deposit your paycheck.

This new employee benefit is available to cast members who have been employed for 90 days or more and is being provided through the cooperation of Sun Banks of Florida, the Official Bank of Walt Disney World.

### NATIONAL SUN DAY WEDNESDAY MAY 3

This coming Wednesday has been set aside as a day for people throughout the United States to celebrate the sun and ponder the growing need to utilize its inexhaustible energy in any way possible to meet the critical depletion of our oil, gas, and other fossil fuel supplies. And to commemorate this occasion you're invited to tour Walt Disney World's solar powered office building.

Walt Disney World's solar powered office building at the Central Energy Plant is one of the most advanced solar air conditioned facilities in the United States. If you have not had a chance to walk through it, do so on Sun Day. The building is specifically designed to make it easy to see what it takes to collect usable energy directly from the sun.

Cindy Smith conducts tours of the solar office building daily at 10 am. But, to commemorate National Sun Day on **Wednesday, May 3**, tours will be conducted **every hour on the hour from 9 am to 4 pm**.

Commemorate Sun Day by taking a first hand look at an operating solar facility. Our future depends on the sun.

### LIFEGUARDS ARE NEEDED

Have you ever considered being a lifeguard at Walt Disney World? The

After that date, any lost or misspelled name tags can be ordered through Wardrobe, as is the current procedure. Also, cast members who receive a new service pin in the future and wish to wear it on their name tag can order a Service Pin Name Tag, with a hole drilled in it to accept the pin, through Wardrobe.

And remember, only the new Mickey Mouse Name Tags or the Service Pin Name Tags are to be worn after May 4!

# "It Takes People"

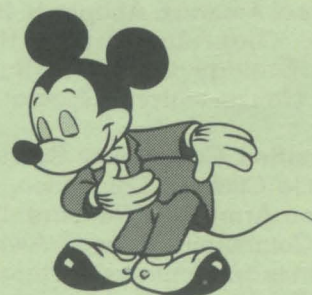

The travel bug has a really strong hold on **Donna Dudley**, Cash Control's Clerk Typist. Her career at Disney began in 1971 in Tickets and shortly after that she began traveling on almost every Disney-sponsored trip available! In the last six years Donna has traveled from California to Europe, and many ports in between. At the present time she's planning to join the White Water Rafting expedition with our Disney Ski Club and then its off for her second tour of Europe. When she's not traveling, Donna spends time with her two pet cock-a-tiels, and on her arts and crafts, which includes latch rug hooking and knitting.

Photography is developing into a favorite pastime for many people and **Frank Jowers** has become one of its most avid enthusiasts. This Florida native spends most of his free time printing his own photos and recently won First Place in Photography at the Apopka Foliage Festival. He also plans to enter some of his favorite photos in our Spring Festival at Little Lake Bryan this May. Although Frank has spent almost seven years as an Advanced Steward in Central Foods, his real desire is to continue in photography and eventually become a professional. And who knows . . . if he keeps winning blue ribbons he'll probably make it!

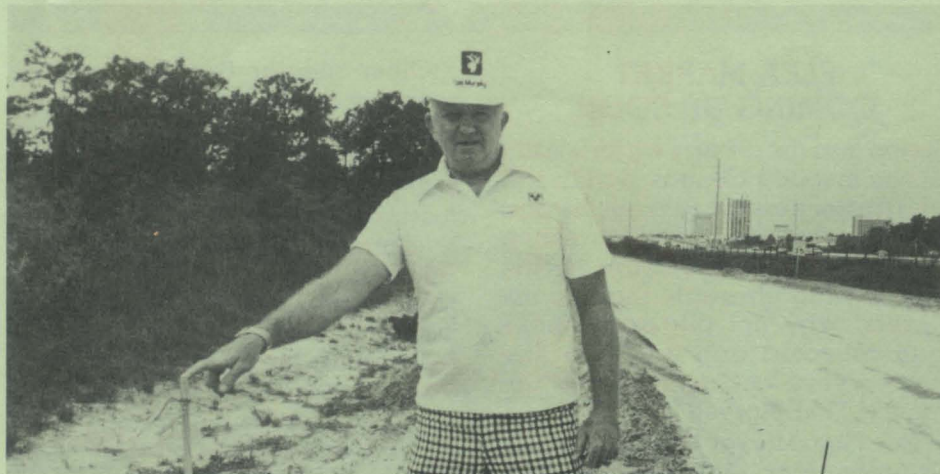

For the last year **Carolyn Brown** has spent almost all of her free time helping her two young daughters prepare for their Baton Twirling contest and exhibitions in Europe this coming summer. A Kissimmee resident all her life, Carolyn is anxiously awaiting their departure for such interesting countries as England, France and Belgium. Although she is returning to her present position as a Food and Beverage Hostess at the Sunshine Tree Terrace after their trip, Carolyn also hopes to return to school to improve her clerical skills and possibly enter that field. In the meantime, it's still a lot of Baton Twirling before they leave!

## LITTLE LAKE BRYAN PAVED!

Thom Murphy of Cast Activities is all smiles these days, as he drives down Frontage Road to Little Lake Bryan on a newly paved surface! That's right, for the first time since 1971, Murph has a hard top road to travel back to the lake on . . . and so do you. Although pictured here during paving, the road is now finished. Which means that when you visit Little Lake Bryan (across I-4 from Lake Buena Vista) you no longer have any dirt roads to bump and bounce over! So, we all hope to see you out at the lake soon.

## THUNDER IN THE CANYON

Imagine yourself sitting on the rubber shoulder of a large black raft, the swift water beneath you carrying you and your friends down through a canyon with walls rising vertically over a thousand-feet above your

head in the magnificent Smoky Mountains. Although moving swiftly, the water is flat as you take time out from hard paddling to join in a water battle with other rafts moving alongside, you, or to just soak up the sun and admire the scenery.

Then you move to shore at the command of the lead raft . . . it's time to tighten up your life jacket and stow all loose equipment, because up ahead about a quarter-mile is Sandy Bottom Rapids . . . a fierce double-set of boiling white water!

Your grip tightens on your paddle as the command for your raft is given . . . and you leave the other rafts behind as you and your three mates dig deep into the now swift moving water, taking aim on the mouth of the imposing rapids.

You can experience this, and more, as our first **White Water Rafting Expedition** prepares to get underway in mid-May. At this writing, the trip is two-thirds filled, but there is still room for you and your friends.

Do you need to be an Olympic swimmer for this trip? **No** . . . this fun-filled trip is for **both** swimmers and non-swimmers alike! A complete set of safety equipment is provided for you.

The total cost is \$128 per person which includes round-trip transportation from Orlando, all meals, most beverages, hotel accommodations, all rafting equipment and professional guides from Smoky Mountain River Expeditions, Inc. The trip departs Orlando Friday evening, **May 12**, and returns early Monday morning, **May 15**.

A deposit of \$85 per person is due into Cast Activities by **Friday, May 5**, to hold your spot on the raft. Call **Dent** or **Arla** at extension 4254 for full details on this exciting trip down the *French Broad River* in North Carolina's Smoky Mountains.
